Stream Best Practices & Minimum Specifications

Below are several recommended best practices to keep in mind based on user experience:

- Make sure you are signed into Office 365 with your SWBTS student email address
- We recommend that you use a hardline internet connection to watch your videos for the most stable connection and highest quality of experience
- We recommend an internet connection with <u>at least</u> a 10Mbps download speed
- We recommend using the most up to date versions of either Google Chrome or Mozilla Firefox
