

Fellowship Forney Student Ministry Resident:

We are excited about what the next chapter of FSM looks like here at Fellowship Forney. We believe in the power of a good team and how a team effectively reaches students from different angles and combines to make something incredible. We are hiring a part-time resident to join our team of a Student Pastor and four interns.

Job Description:

The area a resident would most influence is our Core Ministry. That is our 5th and 6th-grade ministry to help students transition from kids ministry to student ministry. This ministry falls under the direction of the Student pastor, and the resident would play a hand in all student ministry activities as well, including:

- Communicating with the Student Pastor on upcoming FSM events, Sunday mornings, and Wednesday nights.
- Coming up with creative ways for our students to engage in worship.
- Working with the Student Pastor to develop FSM's creative themes and environments.
- Taking part in a small group on Wednesdays.
- Having and upholding strong character and relationship with Christ.
- Being a mentor and leader for FSM students.
- Being a member of the Fellowship Forney Staff and agreeing to the Staff Handbook.
- Working 1.5 days out of the office a week. (Flexible on days and times)

Pay Scale:

We would commit to the resident for two years to give them time to grow in their craft and work with the resident to equip them with the necessary tools to jump into full-time ministry.

- \$15,000 to \$20,000 per 12 months
