

FULL-TIME MAINTENANCE TECHNICIAN

A Fort Worth, TX family is looking for a full-time Maintenance Tech for their private estate. The candidate should have a strong skillset in **appliance repair** but also be multi-dimensional in the areas of general mechanics, electrics and plumbing and willing and able to perform any task required in a busy estate.

Compensation will commensurate with experience, plus full benefits, with chances for substantial pay increases over time.

Responsibilities will include:

- Being very hands-on. You will trouble-shoot, diagnose and fix problems.
- Maintaining and repairing mechanical aspects of the estate, including very high-end appliances, gas, electrics, plumbing, HVAC, security systems, video surveillance, pool equipment and fountain equipment.
- Following checklists - every employee and every activity has a checklist and a procedure. You must be detail oriented and enjoy following checklists as part of getting the job done
- On-site working hours are Monday through Friday, 8:00am to 6:00pm and occasional after-hours / weekend work as needed
- Carrying a smart phone for after-hours service calls

The successful candidate will:

- Have 3+ years' experience in general engineering work
- Have or be in pursuit of a license in related fields
- Be flexible, energetic, stable, and responsible
- Be willing to commit to this job for a minimum of 3 years
