

Bethesda Church

Huron, South Dakota

Employer Description: Bethesda Church is a conservative evangelical church. We average between 250-325 in attendance on a Sunday morning and have almost 200 church members. In the last two years, we have seen a growth in our 20's and 30's with families and are excited to see what God has in store for our future.

Denomination: US Conference of Mennonite Brethren. When people ask us, "What does it mean to be 'M.B.'? We respond with "MB" means "Mostly Baptist!" In other words, we essentially hold the same convictions as conservative evangelical Baptist churches, but with a different origin story for our founding. For what it's worth, you could put "Baptist" on our front door, and it wouldn't change one thing we do.

Our pastors are both students at SWBTS. Our Senior Pastor, Aaron Garza, has completed 2 masters at Southwestern and is completing his PhD in systematic theology at SWBTS under Malcolm Yarnell.
